SUFIYAN NAFEES ANSARI

Fullstack engineer with 8+ years of experience in building scalable web applications, specializing in React, Python, and cloud technologies. Proven track record in e-commerce, fintech, and AI solutions.

WORK EXPERIENCE

Gorgias - Senior Full Stack Engineer

May 2023 - Present

At Gorgias, I work as a fullstack engineer, building and scaling features across both backend and frontend. I collaborate with product and engineering teams to deliver reliable, high-quality experiences that empower merchants and improve customer support workflows.

Leanspace - Software Engineer II

Aug 2022 - May 2023

Worked as a senior frontend react engineer on the core product and continued with designing the solution for onboarding customers.

e-bot7 - Software Engineer II

Feb 2022 - Jul 2022

Worked on Micro frontend, and Python Serverless framework with AWS cloud platform to achieve the conversational AI bot engine functionality

Colgate-Palmolive - Technical Architect

Sep 2021 - Feb 2022

Worked on React, and Python to manage the SKU's pricings across 200 countries in the world.

Visible Alpha - Software Engineer II

Jun 2019 - Aug 2021

Worked on React & Python to manage the Buy/Sell side entitlements Dockerised everything into a Linux container. Celery (RabbitMQ) to process millions of tasks. Worked on Salesforce data integration with the Insights Product. Initiated the React Native Mobile App for Insights product

Indus Valley Partners - Software Engineer

Jan 2017 - Jun 2019

Automated private equity valuation processes by coding financial models and reports, and developed custom solutions for the alternative asset management industry.

WealthyFox - Android Developer Intern

Oct 2016 - Feb 2016

Developed an Android app to track analysts' real-time performance, rate them, and enable one-click broker trading.

Machadalo - Android Developer Intern

Dec 2015 - May 2016

Built an Android platform for managing hyperlocal advertising inventories and developed the company's portfolio website using HTML, CSS, and JavaScript.
